**Tools:** Git, Docker, Linux, REST, Bun, Gradle, VS Code, JetBrains IDEs, Figma

**Spoken:** German (Native), English (Fluent), French (Basic)

## Experience

---

### Neoprotect

Software Engineer

Remote

Jun 2023 – Jan 2025

- Developed high-performance XDP (eXpress Data Path) filters for DDoS mitigation using C and Golang.
- Engineered and deployed the complete customer-facing control panel from scratch using Next.js and React.

### Onlineprinters GmbH

Junior Software Engineer

Fürth

Aug 2023 – Present

- Developed and maintained scalable web applications in an Agile/Scrum environment using PHP (Symfony).
- Collaborated with senior developers to design internal tools and streamline digital workflows.
- Participated in daily stand-ups and managed version control via Git.

### Böhm & Müller Digital Solutions

Founder & Web Developer

Fürth

Jan 2024 – Present

- Founded a web design agency focused on automated recruiting funnels for local tradesmen.
- Built responsive, mobile-first landing pages to increase client lead generation.
- Handled end-to-end project management from client acquisition to technical deployment.

## Projects

---

### NeoProtect Customer Panel

Full-Stack Engineer

2023 – 2024

- Architected and developed the complete customer-facing control panel for provisioning custom DDoS protection services (e.g., Remote Shields, Game Shields).
- Implemented self-service firewall rule management, real-time traffic analytics, and an automated billing and invoicing system using Next.js and SpringBoot.

### HiSend (via Böhm & Müller Digital Solutions)

Senior Software Engineer

2024 – Present

- Architected a GDPR-compliant email relay service focused on high deliverability and superior Developer Experience (DX).
- Engineered an API-first infrastructure hosted in Germany (Hetzner), utilizing AWS Frankfurt for standard MTAs and dedicated Hetzner MTAs for enterprise clients.
- Optimized mail queue processing and SMTP handshakes to ensure low-latency transactional email delivery with comprehensive audit logging.

## Education

---

### IHK Nuremberg

Vocational Training in Computer Science

Specialization: Software Development / System Integration.

Nuremberg

Exp. Jul 2026

## Interests

---

FabLab (Maker Community & Hardware Prototyping), Rock Climbing, Surfing, Mountain Biking, Snowboarding
